

1

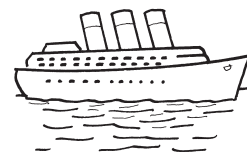

Read about the Bermuda Triangle. Where were the boat, the plane and the ship? Write the letters (A–C) on the map.

A

B

C

A boat called the SS Marine Sulphur Queen was sailing somewhere between Miami and Cuba in 1963 when it went missing. People looked for the ship for 19 days but it was never found.

A plane (flight NC16002) disappeared when it was flying half way between Puerto Rico and Miami. No one found

the plane or the 32 people on it.

In 1967 a ship was having problems at sea, so the captain called the Coast Guard. The Coast Guard, who help people in trouble at sea, arrived 19 minutes later to look for the ship, but they never found it. It was only one mile south of Miami.

2

Read and underline six ideas for why things disappear in the Bermuda Triangle. Tick (✓) the theories you believe.

More than 1,700 ships and planes have disappeared in the Bermuda Triangle. Writers and film-makers often say that there are UFOs in the Triangle; others say that aliens live in the region.

Read about some of the many other theories.

Underwater volcanoes often happen in the Bermuda Triangle. Pilots in planes can't see the water clearly and ships sink.

The boats or planes had lots of problems. For example, people think that flight NC16002 had an engine problem and crashed.

The Bermuda Triangle has a lot of hurricanes and storms. Some people believe that ships disappear because of this strong weather.

Some boats and planes were not in the Bermuda Triangle at all!
